

no  snow
snuggler

IT'S MORE THAN JUST MITTENS!

created by moms with snow-loving kids

The No-Snow Snuggler's unique design provides protection where traditional mittens fail. It's a middle layer of protection worn underneath your child's coat or snowsuit with water-resistant sleevemittens that protect your child's hands and arms from the harsh winter weather. And, since it's all one piece, the No-Snow Snuggler means no more lost mittens.
